

Wall Township, NJ

The project pictured above for Cisco Systems, Inc. involved the relocation of the Cisco's Wall Township office from their existing facility to a new 18,335 square-foot facility. The relocation required Blue Rock to complete renovation of the existing space to create new office space and a computer lab area.

Blue Rock Construction completed the office and lab renovation with minimal down-time to Cisco's operations.

Cisco Systems, Inc. is a worldwide leader in networking for the internet. Cisco's Internet Protocol-based (IP) networking solutions are the foundation of the Internet and most corporate, education and government networks around the world. Cisco provides a broad line of solutions for transporting data, voice and video within buildings, across campuses, or around the world.
