MARCH 16, 2016

Blue Rock Construction, Inc.

1712 Hancock Lane
Burlington, NJ 08016

To Whom It may concern:

We just completed what I'm hoping is the first of many projects with Blue Rock Construction. My only regret is that they weren't involved in our first seven restaurants!!

The team that Cameron Barr put together with his superintendent Greg Covaleski and project administrator Theresa Glaser were far and away some of the most professional people with whom I've had the pleasure of working. Each and every deadline was met (or beat) and on the occasion we were met with a challenge or an obstacle immediate resolution was reached in concert with the Vetri Family team.

At no point during the construction did I ever feel like I had to be there. Simply knowing that Greg was onsite was an assurance that the job was getting done correctly. On occasion I would even show up at night to see the progress made during the day to find Greg doing his own personal walk through insuring nothing was overlooked.

The Pizzeria Vetri on Chancellor Street is a great showcase for what a truly professional team can accomplish. Our organization is poised for growth, and with Blue Rock as a trusted partner I'm certain we will succeed.

Sincerely,

Jeffrey Benjamin
COO
Vetri Family
