

**Jason Quenzel**  
Vice President

# Blue Rock

[jquenzel@blrck.com](mailto:jquenzel@blrck.com)

## BIOGRAPHY

Jason is a seasoned manager with a long history in the construction industry. Jason has successfully managed projects both public and private in the following sectors: educational, commercial, industrial, multi-unit, retail, and government. Jason started in the industry as a carpenter where he developed a strong understanding of the daily field operations, which has added to his management experience.

## PROFESSIONAL PROFILE

Jason has 22 years of construction experience working from field to office. In addition to being an experienced Project Executive and Vice President, Jason has excelled in operations. He has experience in estimating, purchasing, contract and change management, project documentation, and business development.
