Dear Brendan,

We would like to thank you for the wonderful job that you and your company did with the installation of our new carpeting. It feels like we are in a brand new office!

From start to finish Blue Rock kept us informed with the pricing, the progress and the estimated completion for the job. Your team was prompt and courteous during the installation. After the initial job was completed you acted quickly to add an additional office at a reasonable cost.

We are very pleased with the job that you did for us. We would not hesitate to recommend you to others and will definitely call you again if we should be in need of further improvements at our facility.

Best regards,

A handwritten signature in black ink, appearing to read 'Catherine M. Campanaro'.
