Blue Rock Construction, Inc.  
1275 Glenlivet Drive  
Suite 330  
Allentown, PA 18106

To Whom It May Concern:

Blue Rock Construction, Inc. (Blue Rock) was awarded the building and tenant fit-up construction contracts for the project located at 5220 Jaindl Boulevard in Hanover Township, PA. The project was a 280,000 sf industrial building, including approximately 14,000 sf of office space. This is the second project that Blue Rock has completed for us. This was a Design/Build project that we started last fall and continued through the winter of 2014/2015. Even with a very demanding schedule and an extremely severe winter, Blue Rock completed the project on time.

The Blue Rock team of Raymond Wright, Mark Sander, James McGonigal and Dave Messerschmidt performed exemplary. I have found all of the Blue Rock personnel to be proactive in their approach to completing each project no matter what the obstacles. Blue Rock has consistently provided adequate personnel and equipment to complete each project in a timely, cost effective and professional manner.

We value the relationship that we have established with Blue Rock and will continue to use them on future projects.

Sincerely,

Scott Bosco  
Vice President, Construction
