Blue Rock Construction, Inc.

1712 Hancock Lane
Burlington, NJ 08016

To Blue Rock Construction:

I just wanted to thank Blue Rock for the service that you provided to Ossur during the glass wall construction. Below are some standards that Blue Rock provides that helped me in the construction process.

1. Weekly Power Point updates
2. Daily communication on the day's tasks
3. End of the day clean up
4. Safety is a priority for Blue Rock and also followed Ossur's safety policies
5. Team was very knowledgeable and was able to answer questions and lend advice on various aspect

I would highly recommend Blue Rock for any construction project. This was my second experience with Blue Rock and I was very satisfied with Blue Rock's service.

Thank you,

Jim Regalbuto, Facilities Manager
