

To Blue Rock Construction,

KAST and US 4 Realty would like to take a moment to recognize the hard work and dedication that went into building our new 55,000 sqft warehouse and distribution center. This project was 5 years in the making, including 2 years of vetting several General Contractors in order to get the best possible result. Blue Rock immediately stood out because of their professional demeanor and storied experience in the construction industry. Blue Rock was able to listen to and, more importantly, understand our wants, needs and critical restrictions in order to customize a build that fit our budget and operational constraints. We found the experience with Blue Rock to be seamless and effortless as property owners and as the future tenants of the warehouse. I would highly recommend Blue Rock to people who want to partner with trustworthy and dedicated individuals who are laser focused on timing while keeping budgetary constraints in line. On behalf of all team members of US 4 Realty and KAST Foodservice Distributors, I would like to extend a gracious thank you for helping us get one step closer to fulfilling our dreams of long-term success. Onward and upward!

Sincerely,

Theo Roustopoulos
