Blue Rock Construction,

The project in Warminster is finished and I wanted to take the time to commend the entire staff at Blue Rock. In a year full of challenges, Covid, supply chain issues, inflation, etc., your team really came through and delivered an amazing building that will serve Mygrant Glass well and was delivered on schedule.

Throughout every level of your organization we worked with professional, responsive people who were results driven. Your group put us at ease and made us feel very comfortable with the entire process. We always knew where we were with construction at every step and we knew what to expect going forward. When challenges came up you came to us only with workable solutions.

There is a reason we have chosen Blue Rock as our partner for two additional projects. Well done Blue Rock!

Bob Schmitt
Director of Facilities
Mygrant Glass Co
