Blue Rock Construction, Inc.
2324 Second Street Pike
Newtown, PA 18940

To Whom It May Concern:

“Do it well” is our mantra at Pizzeria Vetri, and we can say the same for Blue Rock Construction. Once again Blue Rock delivered quality workmanship while exceeding our expectations in an eight-week work schedule while constructing our new Pizzeria Vetri in King of Prussia.

Their project team included hands-on people who always put URBN’s needs first, in all aspects of the construction project.

As a result, we have an exceptional restaurant that makes for an exceptional — and family- friendly —dining experience.

Our partnership with Blue Rock dates to 2004 because of their integrity, expertise in all types of commercial construction, and ease in working with them. We look forward to continuing our partnership with Blue Rock in the near future.

I would highly recommend Blue Rock Construction to any organization.

Sincerely,

Jeff Cuellar,
Senior Construction Manager,
Urban Outfitters, Inc.
