

Kevin Kelly
Senior Vice President

Blue Rock

kkelly@blrck.com

BIOGRAPHY

Kevin provides leadership on a variety of assignments ranging from ground-up new construction projects to historical renovations. Kevin has gained well-rounded experience in a range of construction project applications over his career. His ability to manage the sequencing of a project, coupled with strong client relationships, makes him a positive addition to any construction project team.

PROFESSIONAL PROFILE

Kevin has over 17 years of construction-management experience ranging from engineering and design to new construction and commercial tenant fit outs. Kevin excels in managing projects from the early stages of conceptual design through planning and construction. Kevin works together with clients, design professionals and project-related personnel on coordination, scheduling, and implementation of the project details.
