

**Ross Jarsocrak**  
Project Executive

**Blue Rock**

[rjarsocrak@blrck.com](mailto:rjarsocrak@blrck.com)

## BIOGRAPHY

Ross began developing knowledge and skills in the construction industry as a laborer. Since that time, Ross has worked for various clients in multiple markets, including residential and commercial (public and private sectors) and has a proven track record of delivering high-quality projects on time and under budget.

## PROFESSIONAL PROFILE

In Ross' 20+ years in the construction industry, he has specialized in the construction, renovation and expansion of projects ranging from small residential and commercial jobs to large-scale institutional and industrial buildings throughout the northeast region. As Project Executive, it is Ross' responsibility to lead the team and oversee the construction process from its conception through building turnover. Ross' expertise provides a strong foundation to any project, facilitating success through permitting, scheduling, cost control, value-engineering, and overall site and project team management. Ross has a record of successful projects in both the public and private sector, specifically for institutional, industrial and commercial clients, as well as speculative buildings.
