Blue Rock Construction  
1712 Hancock Lane  
Burlington, NJ 08016

To Whom It May Concern,

URBN has had the privilege to work with Blue Rock Construction since 2004, during which time they have consistently provided an excellent team of well-established and experienced professionals.

Most recently, their work on Terrain at Delaware Valley University was outstanding, as was their level of professionalism, attentiveness, attitude, and performance.

As with other URBN projects, Blue Rock delivered Terrain at DeVal within tight timelines and budgets. With over 100 events already booked prior to completion, the challenge of an accelerated schedule was met while maintaining URBN's high-quality standards.

I had the pleasure of working with Jordan Berry and his team throughout the project. During the entire build and especially the last eight weeks of the project, I became more impressed with Jordan's leadership and command of the project.

I would highly recommend Blue Rock Construction.

Sincerely,

A handwritten signature in black ink, appearing to read 'B Lindsay', written over a horizontal line.

Brian E Lindsay  
Director of Development
