

Brandon Huffort
Senior General Superintendent

bhuffort@blrck.com

BIOGRAPHY

Brandon’s construction experience began at the age of 18, working summers during high school and college. His interest in construction came from framing houses. After college Brandon entered the commercial concrete industry. When the opportunity to join Blue Rock arose, Brandon eagerly accepted it and has developed an overall knowledge of construction and fast-paced projects.

PROFESSIONAL PROFILE

Brandon has been involved in a diverse group of projects during his career including warehouse/distribution centers, refrigerated production facilities, schools and retail. He prides himself on his ability to adapt to the ever-changing challenges of all construction projects to deliver them on schedule and within budget.
