

Frank DeMas
Senior Superintendent

fdemas@blrck.com

BIOGRAPHY

Frank began his career as a carpenter apprentice and a concrete finisher apprentice. He received his Jointers/Carpenters book and became involved with field coordination and scheduling, earning his way to foreman, superintendent and senior superintendent. Frank has excelled in subcontractor management through his experience in the oversight and construction of various commercial, warehouse/distribution and retail projects.

PROFESSIONAL PROFILE

Frank’s 20 years of construction experience includes coordination between trades and site utilization. He is knowledgeable in all phases of construction and fully understands the scope of each subcontractor to facilitate the success of projects. Frank’s responsibilities also include cost control, value engineering and site safety. Frank has extensive experience in retail, warehouse/distribution, manufacturing, pharmaceutical, land development, cold storage, and other specialized projects.
