Paul Nehrbas Senior Vice President

Blue Rock

pnehrbas@blrck.com

BIOGRAPHY

As Senior Vice President, Paul works on ground-up new construction and specialty retail tenant fit-out projects. Paul has extensive experience in projects with a focus on sustainable building and other LEED elements. His construction sequencing, management, cost-reporting and control skills, and the strength of his client relationships make him an invaluable member of any project team.

PROFESSIONAL PROFILE

Paul has over 19 years of construction management experience, specializing in ground-up new construction projects and tenant improvement of existing buildings. Paul has excellent project budgeting, planning, and scheduling experience. He works in collaboration with clients, architects, township officials and subcontractors on coordination, sequencing, and resolution of issues prior to commencing specific tasks to avoid delay and cost impacts.
