Blue Rock Construction
1712 Hancock Lane
Burlington, NJ 08016

To Whom It May Concern,

As a family-owned company, we place a high value on strong partnerships and collaboration, and Blue Rock Construction proved to be an outstanding partner throughout our Bridgeton expansion.

From early planning through completion, their team demonstrated a deep understanding of the complexities of cold storage construction while maintaining a consistent focus on quality, safety, and performance.

Blue Rock took the time to understand our operational goals and worked closely with us to ensure the facility was built to support our long-term growth strategy. Their proactive communication and attention to detail helped keep a highly technical project on track and running smoothly.

The result is a state-of-the-art cold storage facility that enhances our capacity, improves efficiency, and positions us to better serve customers across the Northeast and Mid-Atlantic. We're proud of what we accomplished together and the strong partnership built throughout this project.

Sincerely,

Jeff Reichle, Chairman
